MEDICINE

12 Minutes for Lunch.

That is the average time spent in a large city restaurant by three thousand lunchers. It takes three hours to digest a fresh egg soft boiled; three hours to digest a boiled apple dumpling; three hours to digest a fresh roast beef. In fact, three hours is about the time required to digest the average twelve minute lunch. The object of the hasty lunch is to let the busy man get back to his office work. But when the brain is active, the stomach is inactive for lack of necessary blood. The natural consequence is indigestion, and indigestion opens the door to many diseases.

Indigestion is cured by the use of Dr. Pierce's Golden Medical Discovery, which cures diseases of the stomach and other organs of digestion and nutrition, and enables the perfect digestion and assimilation of food.

"It is with heartfelt gratitude that I send this testimonial which I wish you to publish with my name and address," writes Mr. Willis Seaman, of Washington, Orange Co., N. Y. "I had stomach trouble from childhood and suffered with it more or less as I grew up. At the age of 25 I was broken down with dyspepsia. My suffering was terrible. Could not eat without distress. Could only eat a few certain things and was not able to work half the time. Every thing I tried only gave me temporary relief. My wife finally persuaded me to try Dr. Pierce's Golden Medical Discovery and 'Pleasant Pellets.' I took six bottles of the 'Golden Medical Discovery' and two vials of Dr. Pierce's Pleasant Pellets. I then felt so well that I stopped taking medicine. Several months have passed and I can do the hardest kind of work, can eat anything that is set before me and enjoy it. I am 27 years old and this is the first time I have ever been well."

Free. Dr. Pierce's Common Sense Medical Adviser in paper covers is sent free on receipt of 21 one-cent stamps to pay expense of mailing only; or 31 stamps for cloth-bound volume. Address Dr. R. V. Pierce, Buffalo, N. Y.

Can't you eat? Others can. Latest improvements in Teeth. Our patent suction Never falls down. Call and have a set with the above improvements. Old loose and ill-fitting plates corrected in fit, durability and comfort perfectly true to nature.

Dr. W. F. HUTCHINSON, Dentist. Corner Prince and Washington Streets, Office Formerly Occupied by Dr. Fawcett.

FOR OVER SIXTY YEARS

AN OLD AND WELL-TRIED REMEDY. Mr. Winslow's Soothing Syrup has been used for over sixty years by millions of mothers for their children while teething, with perfect success. It soothes the child, softens the gums, allays all pain, cures wind colic and is the best remedy for Diarrhoea. It is pleasant to the taste. Sold by druggists and every part of the world. Twenty-five cents a bottle. Its value is incalculable. Be sure and ask for Mrs. Winslow's Soothing Syrup and take no other kind.

WANTS LEADERS TO RETIRE.

Henry Watterson, in an editorial in his paper, advocates the retirement of Cleveland, Hill and Bryan, of the democratic party, and calls on the younger men to lead the party. He says: "The party must be safeguarded against the old copperhead horde. They who make no distinction between expansion, an accomplished fact, and republican government must be sent to the rear. The constitution must prevail. The flag is its symbol—our flag. God defend it, bless it, and keep it for freedom and freedom, the wide world over. May it nowhere come as a terror to those that love liberty. May it never appear as the signal for oppression, rapine and pillage. In 1904 the democratic party will need no other declaration than that embracing these principles. They will ring over the land, they will echo through all lands, a second Declaration of Independence against absolutism and arbitrary power. As friends and brothers, not as factionists, let us find a nominee who will reflect them, a nominee who will represent them; some rockribbed democrat in one of the determined States of the Union, some newborn Jefferson, Jackson or Tilden who will stand flat-footed and with both feet upon the platform that carried him; a nominee who, when he is elected, as he will be, we may trust to execute their mandates without equivocation fear, or favor. Mr. Bryan might contribute much to them if he would. Obviously he is filled with himself, not with the good of the party. In a word, he is a professional politician. Mr. Cleveland can contribute nothing except confusion, division and embittered contention. Hence we have drawn the line on him. Really the shoeleather must come to the rescue and take the lead; the long legged, big brained youngsters, with heads on their shoulders and hearts in their bosoms, not yet corrupted by office seeking and office holding, yet faithful to organic truth because they have not learned to be either deceitful or skeptical.

STEAMERS IN COLLISION.

In broad daylight and bright sunshine, a collision which might have resulted in a dreadful calamity occurred in New York harbor yesterday afternoon between an incoming passenger liner and an outbound freight steamer. The Mail Steamship Liguria, of the Italian Royal Steamship Company, with over 1,100 persons on board, was run down in the Narrows by the British steamer Peconic, of the Peconic Line. The Italian liner's hull was cut to the water's edge and water poured into the aperture. The Peconic, as she drifted away, scraped the white hull of the Liguria and carried away the companion ladder. The bow of the Peconic on the port side was stove in and the steam turned to starboard. On board the liner all was confusion for a few minutes, but Captain Montano restored order promptly and forced the straggling passengers over to the starboard side, in order to bring the hole, cut by the Peconic, above the water. This effort was so successful that very little water entered the liner. The pilot who brought the Liguria into port, Frank Kramer, was little disposed to talk, but said that the fault was all with the Peconic. He said the Liguria was coming along slowly towards the Narrows. The Peconic and the British steamer Antilla, bound out for Nassau, were steaming to sea a short distance apart when the Peconic blew two whistles and then changed the signals. The Liguria sheered to starboard and then back at full speed. The impact came with terrific force, the sound being heard on the shore. The Peconic was so damaged that she returned for repairs. The Liguria after the inspection of passengers at quarantine proceeded to her dock. On board the Italian liner were 21 saloon, 29 second cabin and 965 steerage passengers. There were no casualties on board the Liguria nor on the Peconic. The latter vessel was in charge of Pilot Charles Thompson, and was deeply laden.

EARTHQUAKES IN PHILIPPINES.

Reports from Mindanao say since August 21 there have been four hundred earthquakes tremors. Twelve of these were severe. They damaged the Moro forts and several persons were killed by falling houses. The shocks destroyed the army store rooms. Earthquakes of the past few days in the island of Mindanao of the Philippines archipelago. This information has been conveyed to the War Department by cable from Major General Chaffee, who reports that the disturbance occurred in the Lake Lanao district, in the vicinity of the American camp. No attempt is made

by the War Department to hide

the fact that considerable concern is felt for the safety of the troops under the command of Captain Pershing, encamped at Camp Vickers. General Chaffee states in his cablegram to the department, which was received late last evening, that between thirty and forty natives were killed by the alling of walls in the towns of the district, but that up to the present time no American has lost his life. In view of the many volcanic disturbances that have occurred in various parts of the world within the past few months, the greatest anxiety is felt for the troops in Mindanao, and in other islands of the Philippine group. General Chaffee says in his dispatch that the mountains and rivers on Mindanao are somewhat disturbed. He also reports that as far as the war with the Moros is concerned, everything has been quiet since the earthquakes. The earthquakes have occurred in the Moro country, and it is thought probable that the natives are completely demoralized.

A Cure for Cholera Infantum.

"Last May," says Mrs. Curtis Baker, of Bookwala, Ohio, "an infant child of our neighbor was suffering from cholera infantum. The doctor had given up all hopes of recovery. I took a bottle of Chamberlain's Colic, Cholera and Diarrhoea Remedy to the house, telling them I felt sure it would do good if used according to directions. In two days' time the child had fully recovered and is now (nearly a year since) a vigorous, healthy girl. I have recommended this Remedy frequently and have never known it to fail in any single instance." For sale by Richard Gibson, Druggist.

His Sight Restored.

"While picking last month my 11-year-old boy was poisoned by some weed or plant," says W. H. Dibble, of Sioux City, Ia. "He rubbed the poison off his hands into his eyes and for a while we were afraid he would lose his sight. Finally a neighbor recommended DeWitt's Witch Hazel Salve. The first application helped him and in a few days he was as well as ever. For skin diseases, cuts, burns, scalds, wounds, insect bites, DeWitt's Witch Hazel Salve is sure cure. Relieves pain at once. Beware of Counterfeits. For sale by E. S. Leadbeater & Sons.
